

# The Day of the Farmer

When three hundred hard-handed, sunbrowned men from thirty-two states assembled recently to map out a program for the get-together of American farmers, they declared solemnly-though in more elegant language—that the farmer shall no longer be the

national goat! The organization of the American Farm Bureau Federation means that the day of the farmer is at hand, says

## The COUNTRY **GENTLEMAN**

the copy everywhere power. And because we believe farmers!

No more will the farmer be that the farmers who regularly the goat of the gouger, the butt read THE COUNTRY GENTLEof the ignoramus. Flowers Foretell Rain.

The ordinary clover and all its varieties, including shamrock, are barometers. When rain is coming the leaves shut together like the shells of an oyster. For a day or two before rain comes their stems swell to an appreciable extent, and stiffen so that the leaves are borne more uprightly than usual. This stem swelling when rain is expected is a feature of many flowering grasses.

Odorous Epidemic.

"A friend of mine has kept himself and his family immune from influenza in a district sorely smitten by eating spring onions."-Glasgow (Scotland) Evening Post.

Black Apes. The black apes of Guinea have long, silky hair, and their fur is used for muffs and capes.

### AGRICULTURAL NOTES

Is Cottonseed Meal at \$85 a Profitable Feed?

which many Ohio cattle feeders aré asking. In the past when corn was \$1 a bushel, cottonseed meal was \$40 a ton. Last year when corn sold at \$2 a bushel, cotton-seed meal was quoted at \$75. This year eorn is selling around \$1.20 and cottonseed meal costs \$85.

"If feeding a good quality of cattle with the intention of putting on a good finish it will doubtaccording to C. T. Conklin of the Animal Husbandry Department of the Ohio State University. "Experiments in the past have shown been the first school teacher in Luthat the feeding of cottonseed cas county, was required by conmeal has resulted in an advance in tract to accept part of his salary in selling price which has more than corn, beef, or pork. covered the increased cost of production, with feeds figured on the present basis. In addition, the gains will be a little heavier, and to 4 pounds of clover or alfalfa where in the archives of the county. hay for each thousand pound steer is recommended."

"With plain cattle of poor quality which will not be fed to a high

#### Will Show How to Test Seeds

Seed testing demonstrations for January 26 to 30. Two hoursfrom 8 to 10 o'clock-each day will be devoted to the work. The period on Monday will be used for registration; on Tuesday, for germination tests of grass and ed. clover seed and identification of grass seeds; on Wednesday and Thursday to the identification of legume and weed seeds, respectively; and on Friday to practice in testing. Persons interested are requested to register in advance. No cost is attached except for a magnifying glass and a seed mount which become the property of the person enrolled.

Bees Took Carload of Sugar.

Near the station of Fontainebleau France, a carload of crystallized sugar was held up and within four days the entire load had disappeared in spite of the guards.

Not far from the station of Avon there are large bee farms, and while the bees covered the car in swarms no one supposed that they could carry away the crystallized sugar. Nor could they. But industriously and ingeniously they betook themselves to nearby basins and fountains and carried drops of water to melt the sugar! The dampened sugar formed a sirup that was easily transported to the hives.

Australia's Pride in Warships.

The commonwealth is proud of its warships and particularly of its battle cruiser which saved Sydney and Melbourne from bombardment at the outbreak of the war. The Australian Arts club has shown its pride in a practical way by presenting a selection of paintings, drawings and etchings to the ward room of H. M. A. S. Ausof members of the club, which included some of the leading artists of the commonwealth. In return, Commodore Dumaresq entertained the committee of the club at luncheon on the battle cruiser, which has been stationed in Farm cove, Sydney harbor, since its return from the North sea

He Felt Shop Worn. "Say, boss," appealed a dusky dough:

boy convalescent in a recuperation hospital, when a sawbone came his way. "What yo' reckon yo' keepin' me heab fo'-a souvenir?"-Stars and Stripes

## 8TH FARMERS' WEEK,

#### Over 140 Ohio Farmers and Specialists to Speak.

Lifetime experiences and results of investigations of the best Ohio farmers and specialists of the middle-west will be offered without cost to Farmers' Week visitors, at Columbus from -Jan. 26 to 30. Each speaker has been carefully selected from a large group for the particular talk or demonstra-

tion that he or she will give. So full is the program that it will be necessary for the visitor to choose between several topics at any given hour. The program starts at 9 o'clock each morning and continues through out the day and evening. Educational

Haydn M. Morgan, leader of the Vene-docta Glee Club, a group of 22 Welsh farmer boys, to sing during Farmers'

motion pictures will be provided each day during the noon hour, and banquets of several of the 20 agricultural associations in session will be given each day before the evening meetings.

Aside from the main program, special ones are provided for the women and children in attendance.

Included in the 200 talks of special interest are a group more popular in nature. Among the speakers selected for these are: President W. O. Thompson and Dean Alfred Vivian of the Ohio State University; Mrs. A. E. Brigden, Rochester, N. Y.; Governor J. M. Cox; A. R. Mann, dean of the New York State College of Agriculture; Dean J. H. Skinner of Purdue University; W. D. Zinn, Philippi, W. Va., and Dr. H. C. Taylor, chief of the Office of Farm Management, U. S.

Department of Agriculture. Entertainment features will also be provided. One of outstanding interest is a concert by the Venedocia Gies

boys, on Monday evening, Mrs. Nell Bunnell-Smith of Middletown will direct a musical program on Thursday evening.

Complete programs may be had on application to the Agricultural College Extension Service, Columbus, O.

What Are These Maples?

What are these maples and beeches and birches but odds and idyls and madrigals; what are these pines and firs and spruces but holy hymns?-

PALE CHILDREN NEED GUDE'S PEPTO-MANGAN

Unnatural for Children to Be Pale and Thin-Paleness Is Sign of Thin, Watery Blood.

Pepto-Mangan Makes Red Blood

Prepared in Liquid and Tablet Form -Both Possess Identical Medi-Cinal Qualities.

It is necessary for boys and girls to augh, romp, play and enjoy themselves, for it is at that stage of life that the foundation is laid for future

Prompt attention should be given to the child who seldom laughs, whose physical condition prevents playing like the other children, whose appetite is poor, and who tires easily.

If the lassitude is due to poor blood, which is often the case, a simple, safe, and pleasant remedy is within easy reach. Gudes Pepto-Mangan is just tralia. All the gifts were the work the tonic for pale, thin children. Gude's Pepto-Mangan contains the very ingredients that increase and enrich the blood, enabling it to supply the entire body with the sorely needed vigor, strength and vitality that make happy,

romping children. For the convenience of the public Pepto-Mangan is prepared in tablet as well as liquid form. Both forms possess exactly the same medicinal properties.

When you ask the druggist for Pepto-Mangan, look for the name "Gude's" on the package. If it is not there it is not Pepto-Mangan.
